Legal mentions:
(registration, usage, instructions and withdrawal times may vary per country. Always follow your label informations and vet prescription)

Excipient : qs 1 g.

Composition per g:
Doxycycline (as hyclate) : 50 mg.

Indications:
Poultry: Infections due to microorganisms susceptible to doxycycline.

Dosage:
ACTI DOXY 5 per kg of b.w per day, or 37.5 ml of ACTI COLI 2MUI/ML per ton of Poultry: 75 000 IU of colistin per kg of meat and offal: Poultry : 1 day. Turkey : 3 days.

Antimicrobial 5% oral solution:
Composition per ml:
Spiramycin : 250 000 IU. Oxytetracycline (as hydrochloride): 100 mg. Excipient : qs 1 ml.

Indications for use:
Poultry: Treatment and prevention of chronic respiratory disease (CRD) and aero-sacculitis caused by Mycoplasma synoviae.

Bivalia (oral solution):
Composition per g:
Sulfadimethoxine (as sodium) : 187 mg.

Indications:
Meat and offal : Poultry : 40 mg of BIOAMOXI per kg of body weight per day for 5 days.

Tetrachlor (oral solution):
Composition per tablet of 300 mg:
Piperazine: 370 mg. Excipient : qs 1ml.

Indications:
Ascaridia spp., Hétérakis spp., Capilaria spp., Amidostomum anseris

Vitamins - Minerals - Complementary feed

Biovitase
Complementary Feed
Calcium : 17%. Phosphorous : 10%.

Soybean, soy flour, molasses, meat and bone meal, fish meal, wheat, corn, fish oil, fish liver oil, minerals,

Biovitase
Mineral TS

Complementary Feed
Contains also : Vitamin B1, Vitamin B2 and other vitamins of B complex.

Biovitase
Polyvemox - Oral solution
Composition per bottle of 100 ml:
Sorbitol: 600 mg. Lysine (as hydrochloride): 16 mg. Excipient with plants extracts (Boldo, Cynara, Rosemary).

Indications:
For the treatment of infestations by the following parasitic worms: Ascaridia spp., Heterakis spp., Capillaria spp.

Polyvemox - Oral solution
Composition per bottle of 500 ml:
Piperazine: 370 mg. Excipient : qs 1ml.

Indications:
Ascaridia spp., Heterakis spp., Capillaria spp., Amidostomum anseris

Pneumobiotique
Powder for oral solution
Calcium : 17%. Phosphorous : 10%.

Composition:
Calcium phosphate : 17%. Magnesium phosphate : 10%.

Indications:
Primary role in the metabolism of the calcium/phosphorous ratio, necessary for the growth and development of the bird.

Lecitine

Biovitase
Mineral TS

Complementary Feed
Contains also : Vitamin B1, Vitamin B2 and other vitamins of B complex.
